MEMORANDUM FOR: Acting Director of Logistics

SUBJECT : Headquarters Master Plan

25X1A One of the items which Mr. Hromanik said he would like to have presented
25X1A to the National Capital Planning Commission (NCPC) was the number of parking
spaces, existing and proposed, at the Headquarters campus. Discussions re-
vealed that the generally used planning figure, and the one that this staff has used,
is [REDACTED] therefore, it would be a simple thing for the NCPC and
anyone else having access to this information to arrive at the number of people on
board simply by multiplying the number [REDACTED]

25X1A You will recall that the Commission asked Mr. Coffey if we had less than
[REDACTED] Headquarters, and the reply given by Mr. Coffey was "yes." This
is all NCPC knows about our personnel strength.

We will not indicate the number of parking spaces on any master plan doc-
ument going to NCPC unless approved by you.
